Unique Student Identifier

If you're studying nationally recognised training in Australia from 1 January 2015, you will be required to have a Unique Student Identifier (USI). Your USI links to an online account that contains all your training records and results (transcript) that you have completed from 1 January 2015 onwards. Your results from 2015 will be available in your USI account in 2016.

When applying for a job or enrolling in further study, you will often need to provide your training records and results (transcript). One of the main benefits of the USI is the ability to provide learners with easy access to their training records and results (transcript) throughout their life. You can access your USI account online from your computer, tablet or smart phone anytime. Fact sheets – available to download [Student Information for the USI](#)

It's free and easy to [create your own USI](#) and will only take a few minutes of your time. Alternatively, we can create your USI on your behalf. To do this we will need some additional identification information from you such as your driver's licence number.

Learners are advised that there are a number of unique circumstances where a person may be exempt from requiring a USI. These do not apply to the vast majority of learners in Australia. The USI Exemption Table is available from the USI website which explains these circumstances [Click Here](#).

Learners who exercise an exemption from submitting a USI should be aware that the results of the training will not be accessible through the Commonwealth and will not appear on any authenticated VET transcript prepared by the USI Registrar. Further details about the implications of being exempt can be obtained from the USI website: [Click Here](#).

Your safety

SRTA Life & Rescue is committed to providing you a safe environment in which to participate in training and assessment. We are aware under the Work Health and Safety Act 2012 of our responsibilities to maintain a safe environment.

circumstances. In the event that discrimination and harassment is found to have occurred disciplinary action will be taken against any staff member who breaches this policy. Suspected criminal behaviour will be reported to authorities immediately. Learners should expect fair and friendly behaviour from SRTA Life & Rescue staff members and we apply complaint handling procedures advocated by the Australian Human Rights and Equal Opportunity Commission (HREOC).

Fees Payable

Fees are payable when a learner has received a confirmation of enrolment. The initial fee payment must be paid prior to commencing training or within 10 days of receiving an invoice from SRTA Life & Rescue. SRTA Life & Rescue may discontinue training if fees are not paid as required. For a full list of current fees and charges please request a copy of SRTA Life & Rescue schedule of fees and charges.

Learner Cancellation

Learners who cancel their enrolment part way through a training program must notify SRTA Life & Rescue in writing via email or letter at the soonest opportunity. Learners who cancel their enrolment after a training program has commenced will not be entitled to a refund of fees. Learners are advised to consider alternative options such as requesting to suspend their enrolment and re-commencing in another scheduled training program.

Replacement of Text & Training Workbooks

Learners who require replacement of issued text or training workbooks will be liable for additional charges to cover the cost of replacement. For a full list of replacement charges please refer to SRTA Life & Rescue schedule of fees and charges.

Refunds

Learners, who give notice to cancel their enrolment **10 business days** or more prior to the commencement of a program, will be entitled to a full refund of fees paid. This policy complies with the Australian Consumer Law required statutory cooling off period for the sale of goods and services. It is a requirement under the Standards for Registered Training Organisations that an RTO must allow the minimum statutory cooling off period applicable for the jurisdiction in which they operate. Australian Consumer Law introduced in 2010 has made this consumer protection consistent in all States and Territories.

Learners who give notice to cancel their enrolment **9 business days** or less prior to the commencement of a program will be entitled to a 75% refund of fees paid. The amount retained (25%) by SRTA Life & Rescue is required to cover the costs of staff and resources which will have already been committed based on the

SRTA Life & Rescue

learner's initial intention to undertake the training.

Learners who cancel their enrolment after a training program has commenced will not be entitled to a refund of fees.

Where a learner has purchased a text or training workbooks and subsequently cancels, SRTA Life & Rescue will not refund monies for the text.

Payment Method

SRTA Life & Rescue accepts payment for fees using:

- Credit Card
- Electronic Funds Transfer (account details available on request)
- Cheque (made payable SRTA Life & Rescue)
- Payment in cash is discouraged.

Substitutions

Requests for substitutions are to be made in writing and can be made at any time up to 2 working days before the program commencement date.

Transfers

Requests for transfers to alternate programs can be arranged if SRTA Life & Rescue is advised in writing more than 10 working days prior to the program commencement date and there is availability on the selected program. One transfer will be accepted without

charge where SRTA Life & Rescue has been notified in writing at least 10 working days prior to the scheduled commencement date. All subsequent transfers will attract an administration charge of \$55.00 (incl. GST).

Statutory Cooling Off Period

The Standards for Registered Training Organisations require SRTA Life & Rescue to inform persons considering enrolment of their right to a statutory cooling off period. A statutory cooling off period (which is 10 days) is a period of time provided to a consumer to allow them to withdraw from a consumer agreement, where that agreement was established through unsolicited marketing or sales tactics. These include tactic such as door-to-door sales and telemarketing. A statutory cooling off period allows a consumer to withdraw from a sales agreement within 10 days of having received a sale contract without penalty.

It must be noted that SRTA Life & Rescue do not engage in unsolicited marketing or sales tactics and therefore a statutory cooling off period is not applicable to our learners who have enrolled into a program. For refund option in other circumstances, learners must refer to the above refund policy.

Our Guarantee to Clients

If SRTA Life & Rescue cancels or ceases to provide training, SRTA Life & Rescue must issue a full refund for any services not yet provided. The basis for determining “services not yet provided” is to be based on the units of competency completed by the learner and which can be issued in a statement of attainment at the time the service is ceased.

As an example: A learner enrolled in a course of 10 units of competency and paid \$1,500.00 up front as the total course fee. The course was cancelled due to the trainer falling ill and the learner at that time had completed 4 of the 10 units. The learner’s enrolment would be finalised and the learner would receive a Statement of Attainment for the 4 completed units. The learner would also receive a refund of \$900.00 which represents that value of the training not delivered.

Changes to Terms and Conditions

SRTA Life & Rescue reserves the right to amend the conditions of the student’s enrolment at any time. If amendments are made that effect the student’s enrolment the student will be informed 7 days prior to changes taking effect. Students then have 28 days to submit an appeal from the date they were informed of the decision. Further information about appealing a decision is contained in the section relating to complaints and appeals handling.

Protection under Australian Consumer Law

As a student undertaking a vocational education and training course, you are protected under Australian Consumer Law and under State and Territory consumer protection laws. These protections include areas such as unfair contract terms, the consumer guarantees, to statutory a cooling-off period, and unscrupulous sales practices. You can find out more information about your rights as a consumer from the Australian Consumer Law website which includes a range of helpful guides relating to specific areas of protection. Please visit the following site for more information: [Australian Consumer Law](#).

Accessing your records

You are entitled to have access to your records. These records include your:

- learner file,
- learning and assessment record,
- administrative records,
- AQF certificates including a reissuance of a statement of attainment or qualification which has been previously issued.

You may require these records to monitor you progress with training or simply to go

back and confirm something in a previous training module. Whilst these records will be retained by SRTA Life & Rescue, you are welcome to have access anytime just ask your trainer and it will be organised immediately.

You can access hard copy records and reports from our learner management system, but only relating to you personally. You can request this access using the Learner Records Request Form. Access to requested records during a work day will be arranged as soon as possible and definitely within 24 hours. Learners should note that these records cannot be taken away unless a copy is requested. Where photocopies are requested, SRTA Life & Rescue reserves the right to charge a one-off photocopy fee of \$10.00. There is no cost to simply view records at our office.

In the case of accessing a reissuance of a previously issued Statement of Attainment or Qualification certificate, if you have lost or misplaced your AQF certificate you may obtain a reissued certificate from SRTA Life & Rescue. To obtain this you must complete the Learner Records Request Form and return this to the Office Manager. The cost of \$50.00 will apply for each issued AQF certificate. These monies must be paid in advance. Reissued AQF certificates will be an exact duplicate of the original except for small wording at the bottom of the document which identifies the certificate as reissued. AQF certificates may only be collected in

person or can be posted. A learner may also nominate another person to collect the certificate, however these persons must be notified to SRTA Life & Rescue beforehand and the person must provide photo ID to validate their identity.

Continuous Improvement

SRTA Life & Rescue is committed to the continuous improvement of our training and assessment services, learner services and management systems. Central to this commitment is our approach to continuous improvement and the procedures we apply to achieve systematic and sustained improvement.

Suggesting Improvements

The primary method of reporting opportunities for improvement by learners is via the continuous improvement reporting procedure. This procedure allows any person to raise a Continuous Improvement Report for consideration by the Continuous Improvement Committee. Often these reports will be generated after an opportunity for improvement has been identified by a staff member or learner. The Continuous Improvement Report template is available on request. Learners are encouraged to provide feedback to SRTA Life & Rescue so we can improve our services in the future.

Learner satisfaction survey

At the completion of your training program, you will be issued with a Learner Satisfaction Survey. This is a nationally consistent survey tool which is designed to collect feedback from learners about their experience with an RTO and in undertaking nationally recognised training. Your completion and return of this survey is important to SRTA Life & Rescue for our ongoing improvement of services and to enable us to report this information to our registering authority. Your assistance in gathering this survey data is greatly appreciated.

Assessment

At SRTA Life & Rescue assessment is conducted using a combination of Written Knowledge Assessment, Research Tasks, Case Studies, Work Log Book, Supervisor Feedback and Workplace Observation.

The following provides a brief explanation of the primary assessment methods:

- **Written Knowledge Assessment:** The learner is required to provide a written response to a range of questions relating to required knowledge of the units of competency. These would generally be short answer response activities and may include other questioning methods including multiple-choice.
- **Research Tasks:** The learner is required to undertake research within their own workplace and the available reference material and provide a written response to each question. These assessment activities are usually short to medium answer response activities. The responses provided by the learner will largely be specific to their workplace.
- **Case Study Response:** The learner is required to provide a written response to a situation presented in a case study scenario. This will usually require the learner to consider carefully the situation presented, undertake some research to inform their response and then to propose their recommended actions.
- **Workplace Log book:** The learner is required to record details of their work activity completed during the work placement. These details are recorded against specified tasks which are predesigned for the learner to complete. This form an important part of the assessment evidence as it often includes critical evidence that is otherwise difficult for the assessor to observe.
- **Supervisor Feedback:** The assessor will periodically engage with workplace supervisors to seek their feedback about the learner's performance. This is undertaken as an interview with a duration of approximately 15 to 20 minutes. This interview can be undertaken over the phone or face to

face. Feedback from a supervisor is recorded into the assessment record.

- **Workplace Observation:** The learner will be observed performing specific tasks in their day-to-day work activities. The assessor will attend the workplace and observe the learner performing tasks relevant to the units of competency being assessed. The learner will be briefed on these observation activities in events and is required to make arrangements to undertake these activities when the assessor is in attendance at the workplace.

Re-assessment

Learners who are assessed as not yet competent are to be provided with detailed verbal and written feedback to assist them to identify the gaps in their knowledge and skills to be addressed through further training. These learners are to be provided with additional training and learning support to target their specific gaps in knowledge and/or skills and prepare them for additional assessment.

It is the policy of SRTA Life & Rescue to provide three opportunities for additional training and re-assessment at no additional cost to the learner or employer. Learners who require additional training and re-assessment after they have exhausted their three opportunities will be required to pay a fee for additional training and re-assessment. Please refer to

the current fee schedule to identify the re-assessment fee.

Learner's requiring additional learning support are to be brought to the attention of SRTA Life & Rescue management so the progress of the learner can be monitored closely and additional support services can be applied well before it becomes necessary to impose an additional fee for re-assessment. Where learners repeatedly do not demonstrate, competence following significant learning and assessment support, a learner's enrolment can be determined through mutual agreement.

Issuing Qualifications and Statements of Attainment

SRTA Life & Rescue will issue all Australian Qualification Framework certification documentation (Qualifications or Statements of Attainment) to a student within 30 calendar days of the student being assessed as meeting the requirements of the training product if the training program in which the student is enrolled is complete. Please note however that SRTA Life & Rescue is not obliged to issue a certificate to a completed student if:

- All agreed fees the student owes to SRTA Life & Rescue have not been paid.

Learner Support Services

- The student has provided a valid Unique Student Identifier.

Students should be aware that a:

- Qualification is the result of a student achieving the units of competency for a qualification outcome as specified in an endorsed training package or an accredited course. A qualification is a formal certification that a student has achieved learning outcomes as described in the AQF. Technically within the AQF a qualification is comprised of a testamur and a record of results. A testamur is the actual official certification document that confirms that a qualification has been awarded to an individual.
- Statement of Attainment is issued when the student has achieved one or more units of competency as a result of completing a course which included units of competency only or where the student achieved one or more units of competency as part of an enrolment in a qualification based course but the student did not achieve all of the units of competency to receive the full qualification.

During your enrolment, SRTA Life & Rescue will deliberately engage with you on a number of occasions. We do this through requesting you to complete enrolment documentation, discussions over the phone, enrolment interview and finally during your orientation. One of the important objectives of these engagements is to understand what support services you may need to fully participate in your study. You will be asked various questions about your support needs or your "individual needs". This is simply the term we use to define what your needs are and this enables us to organise the appropriate support services. Make sure you take the most of this opportunity and let us know if you need support.

What Support is Available?

SRTA Life & Rescue will use a combination of our own services and the services of referral agencies to either provide or refer you to the following support services:

- Language, Literacy and Numeracy Support
- Studying and Learning Coaching
- English as Second Language Tuition
- Alternative Payment Plan
- Counselling Support
- Disability Access

- Employment Services Referral

If you need support during your course, please approach and inform reception and you will be connected with the best person who can assist you. If the matter is sensitive and you do not feel comfortable discussing it with reception, simply inform reception that you would like to meet with the RTO Manager. It is our absolute priority to provide you the support needed to enable you to progress in your study and complete your chosen course. SRTA Life & Rescue is committed to our student's welfare both during and after hours of study.

Language, Literacy & Numeracy Skills

Language, literacy and numeracy skills are critical to almost all areas of work. This is particularly true in many vocations where language, literacy and numeracy skills influence the performance of workplace tasks such as measuring, weighing and comprehending written work instructions.

To support this approach SRTA Life & Rescue will:

- Assess a learner's language, literacy and numeracy skills during their enrolment to ensure they have adequate skills to complete the training;
- Support learners during their study with training and assessment

SRTA Life & Rescue

materials and strategies that are easily understood and suitable to the level of the workplace skills being delivered;

- Provide clear information to learners about the details of the language, literacy and numeracy assistance available. SRTA Life & Rescue generally recommend the LLN training courses provided by TAFE. These institutes have specialist teachers to support the learner's development.
- Refer learners to external language, literacy and numeracy support services that are beyond the support available within SRTA Life & Rescue and where this level of support is assessed as necessary; and
- Negotiate an extension of time to complete training programs if necessary.

Making Complaints & Appeals

SRTA Life & Rescue is committed to providing a fair and transparent complaints and appeals process that includes access to an independent external body if required. To make a complaint or an appeal, you are requested to complete one of the following forms:

- Complaint Form
- Request for Appeal of a Decision

These forms are available via email or verbal request to

Early Resolution of Complaints & Appeals

- info@srta.com.au
- Or call 03 6248 4780

Once you have completed the required form you are requested to submit this to the Office Manager either in hard copy or electronically via the following contact details:

- PO Box 615, Kingston 7050, Tas
- info@srta.com.au

If you are having any difficulty accessing the required form or submitting to us, please contact us at the following number:

- 03 6248 4780

What is a Complaint?

A complaint is negative feedback about services or staff which has not been resolved locally. A complaint may be received by SRTA Life & Rescue in any form and does not need to be formally documented by the complainant in order to be acted on. Complaints may be made by any person but are generally made by learners and/or employers.

What is an appeal?

An appeal is an application by a learner for reconsideration of an unfavourable decision or finding during training and/or assessment. An appeal must be made in writing and specify the particulars of the decision or finding in dispute. Appeals must be submitted to SRTA Life & Rescue within **28 days** of the learner being informed of the decision or finding.

In all cases, issues that arise during training and assessment that are the source of frustration or are in dispute should be resolved at the time, as they occur between the persons involved, where possible. Sometimes, it will not be possible and in these cases, you are encouraged to come forward and inform us of your concerns with the confidence that you will be treated fairly.

Complaint and Appeals Handling

SRTA Life & Rescue applies the following principles to its complaints and appeals handling:

- A complaint or appeal may be received in any form (written, verbal) although persons seeking to make a complaint are recommended to complete the complaint form or request for an appeal of a decision which are available on the SRTA Life & Rescue website.
- A person who makes a complaint or an appeal must be **provided a written acknowledgement** as soon as possible and **not later than 24 hours** from the time the complaint or the appeal is received. This acknowledgement is intended to provide the person assurance that SRTA Life & Rescue had received the complaint or the appeal and will review the relevant issues and provide a response. The

SRTA Life & Rescue

acknowledgement must inform the person that they will receive a written response within 14 days.

- There is no time limitation on a person who is seeking to make a complaint. An appeal however must be made within 28 days of the person being informed of the decision or finding of which they intend to appeal.
- Written records of all complaints / appeals are to be kept by SRTA Life & Rescue including all details of lodgement, response and resolution. SRTA Life & Rescue will maintain complaints / appeals register to be used to record the details of the complaint / appeal and to maintain a chronological journal of events during the handling process. Records relating to complaint / appeal handling are stored securely to prevent access to unauthorised personnel.
- A person making a complaint or seeking an appeal is to be provided an opportunity to formally present his or her case at no cost.
- Each person may be accompanied and/or assisted by a support person at any relevant meeting.
- Where a complaint or appeal is made about or involves allegations about another person, SRTA Life & Rescue is obliged to inform this person about this complaint/appeal or allegation and provide them the opportunity to

respond and present information in response to the issues raised. This may be achieved through direct meetings or meeting via an electronic means. SRTA Life & Rescue will maintain a detailed record of these meetings in the form of a record of conversation. At all times information must be handled sensitively and treated in confidence. Persons involved in a dispute or complaint should be reminded to treat each other with respect and conduct themselves in a professional and courteous manner.

- The handling of a complaint / appeal is to commence within **seven (7) working days** of the lodgement of the complaint / appeal and all reasonable measures are taken to finalise the process as soon as practicable.

A person who will be affected by a decision made by SRTA Life & Rescue as a result of a complaint has the right to be fully informed of any allegations and to be provided adequate opportunity to be heard and respond. The person has the right to:

- put forward arguments in their favour,

Before a person seeks a review by an independent person, they are requested to first allow SRTA Life & Rescue to full consider the nature of the complaint or appeal and to fully respond to the person in writing. If after this has occurred, the person is not satisfied with the outcome, they can then seek a review by an independent person. To request a review by an independent person, the complainant or the person making an appeal should inform the Office Manager of their request who will initiate the process with the Chief Executive Officer.

Withdrawing from a course

There are circumstances where a learner may finalise their enrolment early for personal or academic reasons. Where this is the case, the learner is requested to complete the form Application for Course Deferment / Transfer / Withdrawal. This provides the learner the opportunity to specify their reasons and select to indicate their preference to defer their enrolment, to transfer their enrolment to another

course or to terminate their enrolment altogether. Where the enrolment is being deferred, or terminated, learners will be issued a statement of attainment to recognise the outcomes they have achieved during their enrolment. A learner who defers and returns to complete a course will be eligible to recommence their training and receive a credit transfer for any completed units of competency. The Chief Executive Officer will review these applications, where possible is to interview the learner to understand their circumstances and is to record their decision using the section provided on the application. Learners are to be informed of this decision in writing.

Learners who are not contactable or not responding

Where a learner is not contactable or fails to respond to requests by the SRTA Life & Rescue, the learner's enrolment may be terminated in absentia. This action may only be taken where the SRTA Life & Rescue has made every reasonable attempt to engage with the learner or contact the learner to seek their instructions about their intentions to continue with or complete the applicable course. Advice received from a learner via email or phone conversation communicating their request is to be accepted where the learner is not willing to complete an Application for Course Deferment / Transfer / Withdrawal. Email records and written records of phone conversations are to be retained on the

learner's file as evidence of these expressed instructions from the learner.

Before a learner's enrolment can be terminated without their written or expressed consent the following protocol is to be followed:

- A minimum of three attempts (four weeks apart) must be made using the last known contact details (email, phone and mail) to contact the learner and issue the learner with a warning letter notifying them of the intent to terminate the enrolment.
- Where the learner fails to respond, the learner's enrolment is to be terminated and the learner's record within the student management system is to be updated with the outcome of "withdrawn" entered into each unit of competency that has not been completed at the time.
- Any final AQF certificate to which the learner is entitled is to be sent registered mail to the learner's last known mailing address. This should also be noted in the learner's enrolment record and a photocopy of the certificate retained on the learner's record.
- The learner's record is to be archived in accordance with the Records Retention and Management Policy.

Applicable trainers are to be informed of the learner's enrolment termination and

advised to inform the Office Manager if the learner makes contact.

Recognition of Prior Learning

In accordance with the requirements of the Standards for Registered Training Organisations, SRTA Life & Rescue provides the opportunity for learners to apply to have prior learning recognised toward a qualification or units of competence for which they are enrolled.

What is Recognition?

Recognition involves the assessment of previously unrecognised skills and knowledge that an individual has achieved outside the formal education and training system. Recognition assesses this unrecognised learning against the requirements of a unit of competence, in respect of both entry requirements and outcomes to be achieved. By removing the need for duplication of learning, recognition encourages an individual to continue upgrading their skills and knowledge through structured education and training towards formal qualifications and improved employment outcomes. This has benefits for the individual and industry. Most importantly, it should be noted that recognition is just another form of assessment.

Recognition Guidelines

The following guidelines are to be followed when an application for recognition is received:

- Any learner is entitled to apply for recognition in a course or qualification in which they are currently enrolled.
- Learners may not apply for recognition for units of competence or a qualification which are not included in SRTA Life & Rescue scope of registration.
- Whilst learners may apply for recognition at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the learner down a more efficient path to competence.
- Learners who are currently enrolled in a training program are eligible to apply for recognition in that program at no additional charge.
- Assessment via recognition is to apply the principles of assessment and the rules of evidence.
- Recognition may only be awarded for whole units of competence.

Forms of Evidence for Recognition

Recognition acknowledges that workplace skills and knowledge may be gained through a variety of ways including both formal and informal learning or through work-based or life experience.

Like assessment, recognition is a process whereby evidence is collected and a judgement is made by an assessor or

assessment team. The judgement is made on evidence provided by candidates of the skills and knowledge that they have previously learnt through work, study, life and other experiences, and that they are currently using. It also includes evidence to confirm a candidate's ability to adapt prior learning or current competence to the context of the intended workplace or industry.

Forms of evidence toward recognition may include:

- Work records;
- Records of workplace training;
- Assessments of current skills;
- Assessments of current knowledge;
- Third party reports from current and previous supervisors or managers;
- Evidence of relevant unpaid or volunteer experience;
- Examples of work products;
- Observation by an assessor in the workplace;
- Performance appraisal; or
- Duty statements.

Many of these forms of evidence would not be sufficient on their own. When combined together, with a number of evidence items, the candidate will start to provide a strong case for competence.

SRTA Life & Rescue reserves the right to require candidates to undertake practical assessment activities of skills and knowledge in order to satisfy itself of a candidate's current competence.

Credit Transfer

Credit Transfer is the recognition of learning achieved through formal education and training. Under the Standards for Registered Training Organisations, units of competency issued by any RTO are to be accepted and recognised by all other RTOs. Credit Transfer allows a learner to be issued a unit of competency based on successful completion of the unit which has been previously awarded.

Evidence Requirements

If you are seeking credit transfer, you are required to present your statement of attainment or qualification with a record of results for examination to SRTA Life & Rescue.

These documents will provide the detail of what units of competence you have been previously issued. You must provide satisfactory evidence that the statement of attainment or qualification is authentic, is yours and that it has been issued by an Australian RTO. Statements of attainment or qualifications should be in the correct format as outlined in the Australian Qualifications Framework. You are required to submit copies only which are certified as a true copy of the original.

Credit Transfer Guidelines

The following guidelines are to be followed in relation to credit transfer:

- Any learner is entitled to apply for credit transfer in a course or qualification in which they are currently enrolled.
- Learners may not apply for credit transfer for units of competence or qualification which are not included in SRTA Life & Rescue scope of registration.
- Whilst learners may apply for credit transfer at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the learner down a more efficient path to competence.
- The learner does not incur any fees for credit transfer and SRTA Life & Rescue does not receive any funding when credit transfer is granted.
- Credit transfer may only be awarded for whole units of competence. Where a mapping guide identifies a partial credit, this will not be considered for credit transfer and applicants will be advised to seek recognition.

These rights include the right to copy, publish, communicate (e.g. broadcast, make available online) and publicly perform the copyright material.

There is no general exception that allows a work to be reproduced without infringing copyright. Where a part of a work is

However, there is a 10% rule which applies in relation to fair dealing copying for the purposes of research or study. A reasonable portion of a work may be copied for that purpose, and a reasonable portion is deemed to be 10% of a book of more than 10 pages or 10% of the words of a work in electronic form.
