

HLTAID009 Provide cardiopulmonary resuscitation ½ Day Course

Introduction

SRTA Life & Rescue is a Registered Training Organisation RTO number 45278 registered with the Australian Skills Quality Authority. SRTA Life & Rescue is proud to offer training in HLTAID009 Provide cardiopulmonary resuscitation.

Course Description

This course provides learners with the skills and knowledge required to provide first aid and is designed to meet the requirements from the HLT Health training package.

Learners will understand how to perform CPR in a range of emergency situations.

This course is essential for people who are required to be able to provide CPR if an emergency situation arises in the course of their employment, or everyday life.

This course prepares learners to undertake the assessment to obtain a Statement of Attainment in HLTAID009 Provide cardiopulmonary resuscitation.

Mode of Delivery

Delivery of this course will be trainer led, face-to-face in a classroom setting combined with skills practice assessment

Assessment Summary

The learner will be assessed by demonstrating procedures applicable to this unit. They will also be required to answer a number of oral and written questions regarding their actions and theoretical application of knowledge. The

assessment will also be part of a simulated activity set by the assessor.

This assessment must be conducted by an SRTA Life & Rescue assessor and must be completed in the workplace or in another environment that accurately simulates the workplace. The assessor is to actively set tasks for the learner and must observe these tasks being performed.

To standardise the application of this assessment, the assessment tasks (required skills and knowledge) are based on those specified in the Unit of Competency, HLTAID009 Provide cardiopulmonary resuscitation. The assessor will use an assessment instrument mapped accordingly to the assessment requirements of this Unit of Competency. Assessors will apply an assessment procedure to ensure you are ready for the assessment and have the right resources and equipment to achieve the right standard.

Course Topics

- Respond to an emergency situation
- Perform CPR procedures
- Communicate details of the incident

National recognition

On successfully completing the training and assessment you will be issued a Statement of Attainment issuing you the unit of competence:

HLTAID009 Provide cardiopulmonary resuscitation.

This unit of competence is nationally recognised and provides individuals with a valuable outcome that can be applied throughout Australia.

Course Commencement Dates

Courses dates and times do vary. Please visit our website using the link below to view the current course calendar:

www.srta.com.au

Course Duration and Location

The course is delivered over a 1/2 day.

Training is delivered at SRTA Life & Rescue which is located at:

Hobart – Unit 6/18 Kennedy Drive – Cambridge

Ph: 62484780

Launceston – 2/18 Connector Park Drive – Kings meadows Ph: 6248780

Burnie – 13 Wellington Street Burnie

Ph: 6248780

Course Materials

Learner training is supported through the provision of quality learning materials and resources.

Learners should attend the course in comfortable appropriate clothing. All equipment and consumables are supplied as part of the course.

Course Conduct

Learner training is supported through the provision of quality learning materials and resources.

On arriving, learners will complete any outstanding enrolment administration and then participate in group learning activities about the theory of providing Cardiopulmonary resuscitation (CPR). We put what is learnt into practice via our practical component. There is sufficient time over the course for additional one-on-one training for those requiring it. At SRTA Life & Rescue we provide a friendly and supported environment to learn and achieve.

Pre-Requisites/Entry Requirements

- There are no qualification pre-requisites for this course.
- Learners must be aged 18 years or older
- Photo Identification is required to be sited prior to course commencement.
- Language, literacy, and numeracy skills required to interpret legislative requirements and to undertake written and practical assessment activities.
- Learners must be physically capable of bending and kneeling to provide first aid to a person on the floor. This includes performing CPR for at least 2 minutes.

Fees and Charges

Information about fees and charges is provided in the Schedule of Fees and Charges which will be included in your pre-enrolment information package.

Please refer to the Schedule of Fees and Charges as it contains important information about related charges and our refund policy.

Confirmations

A learner's position on the course will only be confirmed upon a completed enrolment form and the payment of your course cost.

Numbers are limited, so confirmed enrolments will only be able to attend.

Responsibility for Training

SRTA Life & Rescue is responsible for the quality and delivery of training and assessment and will be the organisation issuing any qualifications and statements of attainment to eligible learners.

This document must be read in conjunction with the Learner Handbook, Schedule of Fees & Charges and USI Fact Sheet.
